DESCRIPTION AND PURPOSE OF ITEM

This item is the estimated cost of the proposed roadway improvement, in thousands of dollars, that is necessary to make the structure improvement functional. It shall include only roadway construction costs and excludes project costs beyond the scope of the portion required to allow the bridge improvement to function in a normal way. Also excluded from this item are costs associated with bridge construction, land acquisition, detour, preliminary engineering and other associated costs.

Do not use this item for estimating maintenance costs.

This item is required for structures eligible for the Highway Bridge Rehabilitation and Replacement Program (see Item 131).

In the absence of any actual estimated roadway improvement costs, a guide of 10 percent of the Item 94 - Bridge Improvement Cost is suggested.
